Twenty Things Adopted Kids Wish Their Adoptive Parents
Knew

Written by: Sherrie Eldridge

"Birthdays may be difficult for me."

"I want you to take the initiative in opening conversations about my birth family."

"When I act out my fears in obnoxious ways, please hang in there with me."

"I am afraid you will abandon me."

In this book, author Sherrie Eldridge, explores the unspoken topics of adoption through her own story of adoption. Sherrie Eldridge was adopted herself, and she uses many personal anecdotes to help illustrate the themes of this book. With warmth and candor, Sherrie Eldridge reveals the twenty complex emotional issues you must understand to nurture the child you love--the child must grieve their loss now if they are to receive love fully in the future--the child needs honest information about her birth family no matter how painful the details may be--and that although the child may choose to search for his birth family, they will always rely on you to be their parents.
