We highly value your input and are committed to enhancing this support group to meet the unique needs of Oklahoma's most vulnerable children. In this Focus Group, we aim to achieve the following objectives:

1. **Enhance Participant Interaction:** We will explore strategies to increase engagement among participants.
2. **Identify Relevant Topics:** By discovering topics of interest and understanding their significance for families, we can better tailor our support group.
3. **Promote Family Engagement:** Guided discussions will be a key tool in encouraging family involvement.
4. **Encourage Sharing:** You'll have opportunities to share your own topics of interest.

Your collaboration with us will directly impact the quality of our support group meetings. We eagerly anticipate your active participation!

Training Credit: *Parents in attendance will earn 1 hour of in-service training credit toward your annual 12-hour requirement. Come connect and learn with other kinship, foster, and adoptive families across the state of Oklahoma!*
